CAMPAIGN PLAN / MALLORCA / GERMANY / €1,000 PILOT

FOIL & SAIL

New adventures await.

Adventure, taken care of.

01 / WHO WE ARE TALKING TO

His next chapter.

Munich. Outdoorsy. Earns well.
German-speaking, around 40 and above. His teenage children now prefer their own holidays, so he is planning a trip solo or with his partner.

“I want to hand over the organising, not the adventure.”

He wants excitement and good company, with confidence that the sport, people and comfort will suit him.

02 / WHAT WE OFFER

Sail. Foil. Explore. Belong.

A premium Mallorca sailing holiday: sleep aboard, learn e-foiling with expert instructors, share meals and explore with a small, like-minded crew. Organisation included; travel to the boat excluded.

Indicative: €4,000 single cabin / €7,000 cabin for two. Proposed package pricing.
Trust: founders’ sailing, e-foiling and charter background, shown through genuine credentials.

Meet Markus!

Can I do it? Will I fit in? Is it worth it?

The page and founder conversation answer his three doubts.

03 / THE BOLD RECRUITMENT IDEA

First flight, close to home.

Introductory e-foiling lessons in Germany: **Munich first**, then proposed **Hamburg and Berlin**. Delivered with local instructors at suitable nearby water venues (proposed).

Local ads + clubs → lesson RSVP → coached taster + meet the founders → Mallorca enquiry via QR code and personal follow-up.

Try the sport. Meet the people.
Then picture the week in Mallorca.

04 / THE ROUTE TO CONVERSION

German Meta ad or club referral → matching German Grona page → **“Request trip details”** → personal founder fit call.

Show price, cabin details, sample day and weather alternatives. Ask name, email and travel preferences; phone optional. Confirm what happens next.

05 / €1,000, PUT TO WORK

Meta: trip + taster recruitment	**€500**
Partner lesson contribution	**€300**
Event materials + QR journey	**€100**
Winning-creative reserve	**€100**

Pilot: one Munich taster. Lesson budget assumes partner co-funding or participant-paid sessions; costs to validate. Existing tools and team time assumed.

06 / KNOW WHAT WORKS

14-day pilot ambition:
20 trip enquiries (≤€50 each), including 8 qualified (≤€125 each).

Qualified = budget fit + Mallorca interest + plausible timing. Track source, calls and bookings. Lesson RSVPs are a separate metric.

Illustrative persona and AI mood imagery. Audience insight and pilot targets are hypotheses to validate.

THE CAMPAIGN IN ONE THOUGHT

Try it here.
Live it in Mallorca.

Turn a first flight close to home into an adventure shared at sea.
